God's people had some scary enemies, The Philistines are the scariest of all
The Philistines had a top secret weapon, Goliath who's 9 feet tall

No one will be able to fight him, No one will knock him down
There's no one stronger than Goliath, Absolutely no one in town
There was a boy called David, Who gave his brothers lunch
He gave them bread and grain, During their fights to munch

He normally cares for sheep, And protects them from the bears
But in God's strength he fights them off, As though he doesn't care
One day he saw the giant, The one that's 9 feet tall
David says he'll fight him, Even though he's only small

'Don't be afraid, I will fight', David stood up and said
'You're a boy, don't make me laugh', Goliath threw back his head
'I don't need armour, just my God, to keep me safe from harm'
David picked up 5 smooth stones, and raised up his arm

One, two, three, throw, the sling shot out the stone
Whizz, thud into his head, Goliath fell down with a moan
Goliath stumbled to the ground, and the philistines ran away
David was the hero now, And God's people were free to stay

Wonder time

Take some quiet time to colour and think about these questions. If you like, you could talk to someone else or maybe even pray to God about them...

I wonder how David felt

I wonder if God protects me
